

Now Open! AASLD Foundation 2023 Research and Career Development Awards

The AASLD Foundation is committed to **supporting you**, your specialty and your patients by **funding research, career development and abstract awards** to build the pipeline of future hepatology leaders and research breakthroughs.

DEADLINE

AWARD

October 17, 2022

Bridge Award

December 5, 2022

- Afdhal/McHutchison LIFER Award
 - Autoimmune Liver Diseases Exploratory Research Award
 - Clinical, Translational, and Outcomes Research Award
 - Gupta Family Pilot Award in PSC Research
 - Pilot Research Award
 - Pinnacle Research Award
-

January 23, 2023

Advanced/Transplant Hepatology
Fellow Award

April 17, 2023

- Emerging Liver Scholar Program
 - New! Emerging Liver APP Program
-

Apply online at www.aasldfoundation.org/awards.

Wherever you are in your career, the
AASLD Foundation has an award to support you.

2023 RESEARCH AWARDS

Deadline: October 17, 2022

Bridge Award

\$100,000/1 Year | Junior Faculty, Mid-career

Bridge funding for investigators revising NIH R (or other federal equivalent) applications.

Deadline: December 5, 2022

Afdhal/McHutchison LIFER

\$100,000/2 Years (\$50K/year) | Fellows/Postdocs

Funding for postdoctoral/clinical research fellows pursuing clinical, translational and/or outcomes-related research projects.

Autoimmune Liver Diseases Exploratory Research Award

\$20,000/1 Year | Pre-doc/Graduate, Residents, Fellows/Postdocs, Jr. Faculty

Supplementary funding for pilot projects in autoimmune liver diseases.

Clinical, Translational and Outcomes Research Award in Liver Diseases

\$200,000/2 Years (\$100K/year) | Junior Faculty

Funding for junior faculty performing clinical, translational or outcomes research projects. Applications in health disparities-related research are encouraged. One award per year is reserved for meritorious transplant-related research.

Gupta Family Pilot Award in PSC Research

\$50,000/1 Year | Fellows/Postdocs, Junior Faculty, Mid-career

Funding for highly innovative projects in Primary Sclerosing Cholangitis-related research with little or no preliminary data.

Pilot Research Award in Liver Diseases

\$50,000/1 Year | Junior Faculty, Mid-career

Supports acquisition of key preliminary data to support a future larger study. Research focus must be clearly different from PI's existing research portfolio.

Pinnacle Research Award in Liver Diseases

\$300,000/3 Years (\$100K/year) | Junior Faculty

Funding for junior faculty performing basic science research.

Apply online at www.aasldfoundation.org/awards.

Wherever you are in your career, the
AASLD Foundation has an award to support you.

2023 CAREER DEVELOPMENT AWARDS

Deadline: January 23, 2023

Advanced/Transplant Hepatology Fellow Award Fellows/Postdocs

Scientific meeting travel support, career development, and leadership opportunities for exceptional hepatology trainees.

Deadline: April 17, 2023

Emerging Liver Scholars Program Residents

Scientific meeting travel support, career development, and leadership opportunities for medical residents interested in a career in academic hepatology.

Emerging Liver Advanced Practice Providers Program APPs

Scientific meeting travel support, career development, and leadership opportunities for early career and new-to-hepatology Advanced Practice Providers.

Deadlines Vary

Abstract Travel Awards Pre-doctoral/Graduate, Advanced Practice Providers, Residents, Fellows/Postdocs, Junior Faculty

For early career investigators to attend and present their research to a global audience at AASLD's annual meeting, The Liver Meeting® or Digestive Disease Week®.

Submissions Timeframes:

TLM Abstract Awards (*April-June Submission*)

TLM Memorial Travel Awards (*April-June Submission*)

DDW Abstract Awards (*October – December Submission*)

Apply online at www.aasldfoundation.org/awards.
